May 2016. Boot and General's Monthly Field Report

By Pastor Jorge Alvites (Boot on the ground), Pastor Pedro Sanchez (Boot on the ground), Rolando Lopez (Boot on the ground) and Vladimir Lazarte (National General)

1. **Ministry name worked for:** Pastoral Ministry
2. **Ministry city:** Lima
3. **Ministry Type:** Pastoral
4. **Function performed:** Pastoring - teaching
5. **Number of hours worked:** (National General) 91 hours worked in May, attending TPI classes at IBE Surco church, teaching TPI in Manchay (reinsertion of campus at Luz Divina church), translating TPI reports and coordinating meetings and communications with Bishop Felicie, Pastors Adolfo Caffarena and Jorge Alvites regarding the conference.

TPI Comas campus

Our brothers and sisters in Christ are going on with their classes. The topic they are covering now is about tithing. They are deepening on this topic as, in Pastor Jorge's own words; it's a must in a Christian's life to know about this Godly commandment as it relates to the family finance as well. This group is really responding to what God is instructing them and as they are getting to the end of this quarter, now they are in the stage of putting into practice everything they have learned so far.

Our brothers and sisters in Comas studying their Bibles. ☺

TPI Villa el Salvador campus

This small church is about to finish quarter two. Our brothers and sisters are looking forward to having the exam and go on with quarter 3, which is about tithing. The topic they are covering now is the blessings between the husband and the wife. Last class, they learned how important it is to remember that the wife plays a key role in the family and how pleased God is when a woman really becomes the one in Proverbs 31. The people in Villa el Salvador got the idea of the importance of the wife in marriage and how important it is for a husband to protect their wife's heart. There are 20 people attending TPI classes in this campus on Tuesdays, from 7:30 to 9:30 in the evening.

They are the punctual ones! It is important to mention that they really understand they aren't punctual to the pastor, but to God. Please pray so that this class goes on with this idea of punctuality☺

The other side of the class was also on time. Even our brother José, on the right, goes to the class with her daughter. He just can't leave her alone at home, so all the family is there! Blessings for all of them!

TPI Surco Campus

In this campus we are really advancing. Now we are covering the topic related to the blessings between the husband and the wife and how important it is for a husband to protect their wife's heart and bless her. We studied, as a brief introduction, Proverbs 31, where we have some characteristics of the Virtuous Woman. Then, Pastor Jorge pointed out how pleased God is when He sees a woman becoming the one of Proverbs 31. 25 people attended last week at IBE Surco. It was really interesting both for husbands and wives as we understood how God loves us and how necessary it is to bless our wives.

All students in Surco are paying attention to pastor Jorge's class. 😊

Another picture where you can see our faces. We are really happy for having TPI here. PTL!

It is important to mention that before TPI classes we praise and worship our Lord and we have Communion. Here you can see Pastor Jorge conducting that moment.

This photo is really special because you can see Jose on the left and pastor Adolfo on the right. Pastor Adolfo has just recovered from a terrible pneumonia, he couldn't preach for over two months, but now you can see him attending classes and studying the Bible. Hallelujah! 😊

TPI Barranca campus

Pastor Pedro is still covering the topic about tithing. This time, they learned how important it is to be happy tithers. All the students were reminded about that apparently small, but at the same time important requirement as it is written in 2 Corinthians 9:7. According to Pastor Pedro's opinion, that class was a reminder to everybody that if we are about to tithe but we give it with some worries such as: "I won't have money to pay the bills", we are done, we shouldn't tithe. This unified group (Pastors, church leaders and other siblings in Christ) are having classes on Thursdays from 7:30 to 9:30 in the evening. 27 students are attending classes.

This a photo of a regular in Barranca. Everybody is studying the manual. They seem to be concentrated on this topic. Amen!

Pastor Pedro is ministering in a Water Baptism ceremony. Go on with the ministry God has instructed you to carry out Pastor Pedro! ☺

Pastor Pedro is ministering a new convert. Beautiful! To God be the glory!

Our siblings in Christ are participating in an Evangelistic Campaign in Barranca with the objective of getting more souls to Christ. PTL!

TPI Manchay campus:

After the sad moment of the cancellation of TPI program at Pastor Julio's church in Manchay, I have to admit it was a hard and sad moment. However, God has ministered my heart and allowed TPI to be reinserted at Luz Divina church in Manchay. In this opportunity, the main pastor of the church is Donato Morales. It is wonderful we could start again here and give the opportunity to go on with these studies. After the information meeting on May 4th, we started the following week. So, we agreed in having TPI classes on Tuesdays, from 7:30 to 9:30 in the evening. We are doing quarter 2 again, which is the quarter that was interrupted at Palabra de Vida church. About 40 people are studying there. Now we are studying the topic related to How God sees the Bible student. What was amazing about this church is that since we started there, they told me they didn't read the Bible every day, so I said: What? How come? So, this quarter just gave us instruction for becoming not only simple Bible readers, but real learners and Bible students. So, we committed to reading a small part of the Bible every day. I can say that since we started, we have read 1 and 2 book of Peter and the book of Judas. For next week, they are reading the book of James. We were doing something interesting, I told them to investigate: Who the author was, what year the book was written, what the message is and who the book was addressed to. With these elements they could be in the right context in which the book was written and they could get the right principles for their lives. Thanks God, they are becoming Bible students, not just Bible readers. Another thing is that I have illiterate people attending classes, so I ask for God to tell a plan to attack this problem. In that regard, my prayer request is for these people to go on their studies and to give those illiterate people attending Manchay to know how to read.

Our brothers and sisters at Luz Divina Church in Manchay. We are praying before we start classes. ☺

The other side of the class is also praying. All of us in the same spirit, sharing and learning together as real brothers and sisters in Christ. ☺

Of course, there were some people at the back as well. © Praise His Holy name!

The man with white T-shirt is Pastor Donato Morales, he is the main Pastor of Luz Divina. He is leading the praise and worship after TPI classes. It is so beautiful to do it after our classes.

A photo of all the people in TPI Manchay. Please pray for all of them, so that they can go on with their studies with perseverance.

TPI Carhuaz campus

Our brothers and sisters in Carhuaz are going on with their first quarter studies. Pastor Rolando is also deepening the topic related to chapters 5, 6, and 7 of the book of Mathew, where they are studying which are the laws of the Old Testament that Jesus said were already complied with and which of them are related to the heart of people. This part of the studies is very important because students understand now that The Old Testament is a foreshadow of the New Testament. Also they clearly understand now that the Bible is one unified book that talks about Jesus Christ. They are now studying TPI classes on Wednesdays, from 6:30 to 8:30 and because of that change, now they have 15 students doing TPI.

This is a photo of the TPI meeting in Surco where we can see Pastor Rolando

April 2016. Boot and General's Monthly Field Report

By Pastor Jorge Alvites (Boot on the ground), Pastor Pedro Sanchez (Boot on the ground), Rolando Lopez (Boot on the ground) and Vladimir Lazarte (National General)

1. **Ministry name worked for:** Pastoral Ministry
2. **Ministry city:** Lima
3. **Ministry Type:** Pastoral
4. **Function performed:** Pastoring - teaching
5. **Number of hours worked:** (National General) 98 hours worked in April, attending TPI classes at IBE Villa el Salvador church, teaching TPI in Manchay, translating TPI reports and coordinating meetings with Pastors Adolfo Caffarena and Jorge Alvites. Besides, coordinating meetings with Pastor Donato Morales for the sreinsertion of TPI Manchay.

TPI Comas campus

In this campus, they are almost done with quarter 3. Next week they are going to have their last class of this quarter. Our brothers and sisters in Comas have learned all the principles and purpose of tithing, so now it's time for them to obey God's instructions. It's important to mention that IBE Comas is a church that is used to tithing. However, not everybody was doing it. So we hope that God touches the hearts of those who are not tithing and they start doing it tithing with joy and with gratitude for everything He gives us every day: a job, a family, health, etc. So, in about two weeks, they are going to take the 3rd quarter exam. However, this is not the only thing that occurred in April in IBE Comas campus....Look down...

Our brothers and sisters in Christ from IBE Comas also organized Pastor Adolfo's birthday celebration. He turned 78 on April 12th. May God bless him with more and more years of life! 😊

THANKS PASTOR ADOLFO FOR ALL YOUR PASSION TO GAIN SOULS FOR GOD!

TPI Villa el Salvador campus

Our brothers and sisters in Villa el Salvador are on fire! They are a small church, only 25 people congregate there and still 20 of them are participating in TPI. They are about to finish quarter two, and the topic they are covering now is the blessings between parents and children. Last class, we were analyzing the Priestly Blessing in Numbers 6:22-27. They understood what it really means and how important it is for a priest, in this case all of us Christians, to pray for our children in this way and how important it is to declare with our mouth, what we wish for our children. There are 20 people attending TPI classes in this campus on Tuesdays.

One side of the class. Everybody is happy to start! Hallelujah! ☺

The other side of the class was also on time. Praise the Lord! Now ready to get the lesson ☺

TPI Surco Campus

After learning the principles of the Family Altar, it's was very clear to us how important it is to bless our children with the Priestly Blessing. We have the power in our mouth to curse or to bless people and that includes our children. We also studied Numbers 6: 22-27, which was the main topic on our last class. About 15 people attended last week at IBE Surco. Pastor Jorge was very clear in explaining what this Bible chapter meant. We are also going to have the second quarter exam soon. So, next report might include photos of students taking the exam. 😊

We were only 15 last Wednesday, but we learned a lot, that's important! 😊

Another picture at the front of the class at the church temple. 😊

TPI Barranca campus

In Barranca, Pastor Pedro continues teaching the topic related to tithing. All the students in both TPI groups were really interested in knowing more about it. They made questions regarding the difference between tithing and offerings as well as the principles. According to Pastor Pedro's opinion this quarter is reinforcing the idea that tithing is actually a blessing and not a heavy load on a Christian's back and that's what they are getting. The groups are having classes on Thursdays from 7:30 to 9:30 in the evening. 26 students are attending classes.

You can see here TPI students participating in the inauguration of the Temple in Caral church. It was a beautiful time together ☺

Pastor Pedro ministering in the church in Caral. He is doing what he was born for: Preaching the Word of God. Praise the Lord! ☺

TPI Manchay campus:

After the sad news of the abrupt closing of the campus in Manchay, we initiated talks with pastor Donato Morales in order to bring TPI to his church, Luz Divina. We had a first meeting with them on April 13th and it was really fruitful as everybody wanted TPI back. Pastor Donato's words were: "Thanks God because He has listened to our prayers and TPI is back". Now, they are in the process of inviting people to go to the information meeting which is going to be held on May 4th. So, we ask for your prayers so that a minimum of 40 people can start with us.

Our brothers and sisters at Luz Divina Church in Manchay. After the meeting ☺

This time you can see me in the photo. I wanted to appear there! ☺ The meeting was very productive and positive.

TPI Carhuaz campus

Our brothers and sisters in Carhuaz are going on with their first quarter studies. Pastor Rolando is also deepening the topics in the curriculum. Now they are studying Mathew, chapters 5-7, where he is teaching how the Old Testament and the New Testament are part of the same whole idea: **JESUSCHRIST**. According to our last communication, Pastor Rolando wants to take a while in explaining to his students about this beautiful parallel. In this regard, students are getting the idea that the Bible is the only Truth and God doesn't contradict Himself. Students in Carhuaz campus are getting impressed by this new teaching and they are aware that Jesus is life. They now have classes on Wednesdays, not Sundays anymore. Wednesday was a better day to study for everyone.

March 2016. Boot and General's Monthly Field Report

By Pastor Jorge Alvites (Boot on the ground), Pastor Pedro Sanchez (Boot on the ground), Rolando Lopez (Boot on the ground) and Vladimir Lazarte (National General)

1. **Ministry name worked for:** Pastoral Ministry
2. **Ministry city:** Lima
3. **Ministry Type:** Pastoral
4. **Function performed:** Pastoring - teaching
5. **Number of hours worked:** (National General) 140 hours worked in Marchy, attending TPI classes at IBE Villa el Salvador church, teaching TPI in Manchay, translating TPI reports and coordinating meetings with Pastors Adolfo Caffarena and Jorge Alvites. Besides, participating in TPI mini graduations in Lima as well as the meetings with Mr. Felicie and his wife and Pastor Jan Fryters.

TPI Comas campus

In Comas they also lived the experience of having their mini grad. They were really looking forward to celebrating this event as they have finished quarter 3, regarding tithing. This group is the one that has been studying the longest so I consider they really deserved this mini graduation. Praise the Lord! ☺. In addition, I hope that after this quarter, the tithing and offerings increase in this church! ☺

One of our sisters getting her certificate. Praise the Lord! ☺

This is Daniel, our beloved brother in Christ, he is one of the ushers at Comas church, a very faithful man of God. He is in his seventies and he is still active to serve the Lord. May God bless him!

Sister Elizabeth. It's important this photo because this is the testimony that our Lord protects us. This sister suffered a terrible car accident last year. She almost died. The car she was in just rolled over and she had many fractures. Now, you see her after a hard period of recovery. Here she is! Hallelujah!

TPI Villa el Salvador campus

It was just amazing what happened there. Last year, we couldn't reach the church as the van got lost in its way there. So, we felt we owed them. However, this time, in Jesus's name, the visit really paid off and Bishop Felicie was able to teach about a Hebrew letter: "Lamed" and its meaning in teaching. This mini grad took place on Tuesday, March 22nd, at 7:30 p.m. That night was a great blessing as we understood the principles to be a good Bible teacher. We praised and worshipped the Lord and we shared with one another in the church. Pastor Fryters wore his Doctoral gown to give the certificates to our brothers and sisters. Although there were about 20 people ready to get their certificates, only 12 of them attended this event as they had to stay long hours at their jobs. Anyway, it was amazing! Thanks God for this wonderful and unforgettable evening!

As we usually do before TPI classes in Villa el Salvador, we started that day praising and worshipping the Lord. ☺

***These Godly men getting ready for the delivery of certificates! Yes!
(From left to right: Pastor Fryters, Bishop Felicie and Pastor Jorge Alvites)***

Sister Lourdes, a woman in her seventies, very proud of getting her certificate

Sister Catalina, another elder person who is really pleased with the TPI classes.

Sister Pilar, the Praise and Worship Leader of the church, also a constant TPI student in TPI Villa el Salvador. Congratulations! ☺

Jonathan, maybe the youngest TPI students ever, getting his certificate. All the best for him and his family, who are also TPI students (his parents)

I would never finish this report if I had to put each of the graduates' photos. So, I send you this whole class pic where you can see the TPI class in IBE Villa el Salvador Campus in Lima. May God bless them more and more every day! ☺

TPI Surco Campus

This mini grad took place on Sunday, March 20th. We were really excited as it was going to be the second time we had this event in our church. In this opportunity most of us received the certificates, only few of them couldn't attend this event. This day started with the American and Canadian delegations waiting for the 9:00 o'clock service to start. In this service, Mr. Felicie preached about this topic: "When insignificance becomes significant." He went through some Bible passages regarding this topic. However, the final example was really touching, when Mr. Felicie's apparently insignificant story of her mother, a Mexican immigrant, who only went to school until third grade of primary school, resulted in a great preacher and Godly man: Mr. Felicie! And not only him but his beloved wife, children and grandchildren. It made us think about how important we are for God, even though we sometimes imagine we're not so important before His Eyes. Then, in the second service, Pastor Fryters preached about the Greek mindset versus the Hebrew mindset, which are opposite. We also learned that we lost the Hebrew concept or mindset in our lives and that is the reason why we live a life that is not pleasing Him. We really opened up our eyes and meditated about our own lifestyle. We had really good sermon that day.

The delegations are here. Before the first service starts... There's always a moment to have a photo. ☺

A photo of the whole TPI class after getting our certificates

The second part of the photo. We were so many that we had to take two photos with the whole class. Hahaha. Praise His Holy Name.

This is me getting the second quarter certificate! Thanks God, thanks family (wife and kids), thanks TPI.

TPI Barranca campus

In our TPI campus in Barranca, they are doing quarter 3, which is about tithing. Last month, the students at that campus were introduced to this topic. Now they are getting the Biblical principles to tithe; that is, to do it with joy and as a sign of gratefulness to God for everything He does for us. Both TPI groups are studying the same lesson, although one group studies on Thursdays evenings and the other group is studying on Sundays. However, Pastor Fryters also visited Barranca on this visit as well and they had wonderful moments with Pastor Pedro, our boot on the ground, his family and the congregation. It was a wonderful time together. Pastor Fryters preached on the cross and symbolically, how we still hammer a nail in Jesus's body when we sin. So, it's necessary that we really repent of our sins every day. Excellent message!

These are TPI students who are also part of the Praise and Worship team at the church. Hallelujah!

Pastor Fryters preaching on Friday, March 25th. Praise His Holy Name! Pastor Fryters used that cross a hammer and nails painted in red color in order to represent Jesus's suffering.

Our TPI brothers and sisters in Barranca worshipping our Lord. ☺ One of the most important moments in the service.

TPI Manchay campus:

This mini grad took place on Wednesday, March 23rd. I think this is the campus in which we had more graduates, 34 in total. This evening started with praise and worship, which was a very special moment when we connected closely to God. Then, Pastor Fryters preached about sound doctrine and how important it is to really pay attention to real and true teachings out of the Bible. Nowadays, we live in an era of technology and it's very easy to get lots of false information about anything, including the Bible. We got this important message and we should go on looking for the real teachings of the Scriptures. Holy be His Name! ☺

Praising the Lord before we start with the preaching. As you can see the church was crowded 😊

Pastors Julio and Rocio are leading the praise and worship of that evening. A very special and unforgettable moment

Some of our sisters getting their certificates. Happy moment, happy faces! 😊

This sister was so excited about it that she couldn't get her hand out of her mouth. So Pastor Fryters and I thought that it was a new way to express happiness and we just wanted to share this moment in "her way". Hahaha. Congratulations Sister Karen!

A photo with the whole class. May God bless them! ☺

TPI Carhuaz campus

Pastor Rolando is working hard on teaching the TPI as he knows this Bible College Curriculum is so deep in its contents so he is doing his very best to teach clear ideas every class. They are finishing the topic on the Bible as the only truth. Students at this campus are now aware of what their task is as Christians. They have to study the Bible every day, so that they know what God's will is for them. They have classes at Pastor Rolando's church in Carhuaz, on Sundays from 6:30 to 9:00 in the evening. 15 students attend TPI in this campus. ☺

TPI Comas campus

They are about to finish quarter three in this campus. Their classes are on Thursdays, from 7:30 to 9:30 in the evening. Our brothers and sisters in Christ are getting close to the end of quarter 3. Now, they understand the blessings that come not only from tithing but also from offering, as long as we do it with joy to God and as a sign of gratefulness to Him after all the provision He gives us. The number of students attending this campus is 23. This quarter is essential as it is one of the most sensitive topics in every Christian church. Praise the Lord! ☺

Our beloved brothers and sisters in Christ from IBE Comas! Praising the Lord! ☺

TPI Villa el Salvador campus

Our brothers and sisters in this campus are just amazed by how the Scriptures can tell us many different things in passages we had already read, but we didn't understand completely. The topic being covered in this campus is the Family Altar, where both father and mother are responsible to carry this out, at our tables, while we are having lunch or dinner together as a family, which is a good opportunity to say thank you Lord for your blessings and to bless His Holy name. We now understand the importance of not watching TV or listening to the radio, but to take the opportunity to praise His name. It just opened up our eyes. The classes here are taught on Tuesdays from 7:30 to 9:30 in the evening. There are 20 students in this campus and we are studying the second quarter.

Getting ready to start the class. I'm at the back... 😊

The other side of the class. They are also getting ready to start the lesson 😊

TPI Surco Campus

In this campus they are also doing quarter 2 and, as we are doing in Villa el Salvador campus, they are covering the same topic: The Family Altar. Classes are taught on Wednesdays from 8:00 to 10:00 in the evening. The number of students increased because of the change of time and day of the classes, which was a good move by Pastors Adolfo and Jorge. They are also getting this idea on the importance of parents to conduct this altar and to talk about God and praise His Holy name as a family, which is a great blessing to our children.

One side of the class checking notes before they start the lesson. 😊

The other side of the class. Please pray so that this group of people perseveres in the attendance to these classes. 😊

TPI Barranca campus

In Barranca, Pastor Pedro already finished the second quarter and he started the introduction of quarter 3, which is about tithing. According to Pastor Pedro's statement, in this class the students were able to understand a new concept and principles of tithing. Both groups of TPI Barranca are studying the same topic so they were also amazed by the new teachings about tithing. It is needless to mention that they are really motivated to go on! Praise the Lord! 😊

TPI students getting ready to pray before they start their campaign!

TPI Manchay campus:

Now, we are studying quarter 2, the topic we are covering is how God sees the Bible Student. I'm really deepening on this topic as people in Manchay are really getting the message in their minds. One of the things we are trying to struggle with in Manchay is the perseverance to study the Bible. As you know, they have lots of financial difficulties as Manchay is a poor area in Lima, so they really work hard and the time to read or study is sometimes scarce as they need to sustain their families. So, I ask for your prayers so that all of the TPI class in Manchay gets ready to start their day praying and studying a portion of the Scriptures. 25 students attended the class.

Our brothers and sisters in Manchay. ☺

TPI Carhuaz campus

In Carhuaz, they are currently studying quarter one. The topic they are covering is the Bible. Pastor Rolando is making understand TPI students understand how important it is to BELIEVE that the Bible is the ABSOLUTE TRUTH. Their students in that campus now have a different view on how to see the Bible and its powerful content, which is God's word. They have classes at Pastor Rolando's church in Carhuaz, on Sundays from 6:30 to 9:00 in the evening. Last class, 15 students attended TPI session. ☺

This is beautiful photo of some TPI students and other church members in the anniversary of the church. It's been 50 years working for God so far. We pray so that God adds more and more years of blessings to these people, our brothers and sisters in Christ. They celebrated their anniversary this month. ☺

They are having classes on Thursdays, from 7:30 to 9:30 in the evening. Our brothers and sisters in Christ are doing quarter 3 and they already studied what tithing means and the principles for doing it. Now they are going to study how to deal with tithing in our lives and how God sees it. The number of students attending this campus is 23. It has increased after the change of schedule. Praise the Lord! ☺

Our beloved brothers and sisters in Christ!

TPI Villa el Salvador campus

Classes in this campus are being taught on Tuesdays from 7:30 to 9:30 in the evening. There are 20 students in this campus and we are studying the second quarter. We did a review on the principles about how God sees a Bible student. I think Pastor Jorge did a great class as he made us questions about all previous lessons of this subject and we remembered many things about them. Now, we are ready to go to the next topic which will be: How to teach the Bible to our kids. We are going to start with this class tomorrow so more information about this topic will be sent next month. 😊 Almost all church is participating in TPI which is something interesting. Please pray so that this group can go on with this curriculum and for the openings of cell groups at home, which is the goal of the year. 😊

Praising and worshipping the Lord before the classes last Tuesday. One of the most rewarding moments of that evening. 😊

Oh! A selfie with the right side of the class. Just seconds before Pastor Jorge started the lesson. 😊

TPI Surco Campus

With TPI classes on Wednesdays, from 8:00 to 10:00 in the evening, the number of students increased from 20 to 30 last Wednesday. We pray so that God allows more people to go and study this awesome curriculum. Pastor Jorge finished teaching about How God sees the Bible student and he will start the topic about how to teach the Bible to our kids at home. In this regard, many of our brothers and sisters in Christ are going to be able to learn the principles for being Bible teachers at home, which is our duty as parents.

⁵ You shall love the LORD your God with all your heart, with all your soul, and with all your strength.

⁶ "And these words which I command you today shall be in your heart. ⁷You shall teach them diligently to your children, and shall talk of them when you sit in your house, when you walk by the way, when you lie down, and when you rise up. Deuteronomy 6:5-7

TPI Barranca campus

In Barranca, Pastor Pedro had the second quarter exam and for this purpose he put the two TPI groups together so that they could take the exam in one day. They all finished quarter two and had a great time with God by studying His Word through TPI. By next month they will be starting quarter 3, which is about tithing. The general opinions and comments of this quarter were very rewarding as they are studying new principles about the Bible. They are really motivated to go on! Praise the Lord! ☺

The TPI students taking the exam. It seems to be difficult, but they are really intelligent students in Him. ☺

***One soul for God through TPI! She was baptized in water and ready to go on with a Godly life!
Thanks God!***

The two TPI groups enjoying a nice moment together after the exam. They deserved it!

TPI Manchay campus:

After the exam in December, we are going on with our TPI classes. We are currently studying quarter 2, the topic is how God sees the Bible student. We understood we should look for God's presence and study His Word very early in the morning and we should be very neat when we do so. This topic is really breaking our old and bad habits to "study" the Bible and now we are getting the right way to do it. 25 students attended the class last week. It's important to say that Palabra de Vida church, where TPI is being taught in Manchay, is celebrating its 19th anniversary. So, let's pray for them so that God gives them more and more blessed years so that they are a tool used by God to expand His Word.

One side of the class. Pastor Rocío is in front of the students, checking the attendance. 😊

The complete class of TPI Manchay last week. There more people to come, but they had some previous events they couldn't cancel. This week, it will be better. ☺

TPI Carhuaz campus

In Carhuaz, they are currently studying quarter one. The topics they are studying now is the "What is the Bible?" They are deepening on how to see the Bible. It's not just a book containing Godly Scriptures, but IT IS GOD! They have classes at Pastor Rolando's church in Carhuaz, on Sundays from 6:30 to 9:00 in the evening. Last class, 15 students attended the class. They are really excited as they are getting a new way to study and see the Bible. TPI did it again! Please pray because they are celebrating their anniversary next month. ☺

Very happy students in Carhuaz getting the Word of God.

The whole class in Carhuaz, being taught by Pastor Rolando, a Godly man. ☺

Bible Delivery

A brother and a sister from Villa el Salvador Campus are going to a Rehabilitation Center for Drug Addicts in Villa el Salvador in order to teach them the Word of God and to disciple them. Praise the Lord! TPI Bibles were delivered to these young guys who received Jesus in their hearts. They go twice a week to preach them. Of course, it's not easy to deal with them as many of them still have the consequences of their time as drug addicts. However, we believe Jesus can heal them. Please pray so that God gives wisdom to our brother and sister in Christ in Villa so that they can continue with this mission. In Jesus' name. AMEN!

Part of the group with their Bibles.

Praise the Lord! TPI Bibles for new Sons of God. ☺
